

PURAL
WATER SPECIALTY CO. INC.

Thermowell Hot or Live Insertions

Pural Water Specialty Co., Inc. install Thermowell Inserts to your specifications.

Thermowell Insertions are used for industrial temperature measurement applications. The Thermowell is permanently placed into pipes, tanks, or sumps enabling a pressure-tight attachment of a temperature-sensing element.

Key Benefits:

Thermowell variations are use to provide isolation between a temperature sensor and the environment.

Allow sensors or temperature measurement device to be removed and replaced without adversely effecting the process or region.

Capabilities:

Trained technicians with proven results.
