Providing cost effective solutions to the water industry.

Water Management Plan

Existing potable and hot water piping, storage tanks, cooling towers, water features and fixtures have the potential to become contaminated with various pathogens after sitting stagnant for a period of time. Pural Water's program is designed to meet up to date Federal, State and County Standards for a potable water system.

If disinfection is needed, Pural Water's program will comply with the requirements of the following agencies:

American Water Works Association
State of Hawaii, Department of Health
County of Maui, Department of Water Supply
County of Hawaii, Department of Water Supply
Honolulu Board of Water Supply
